

# Anti-Trust Statement

CHS Regional MLS serves to enhance our real estate marketplace by offering orderly correlation and dissemination of listing information to participants so that they may succeed and better serve consumers. We believe that healthy competition improves our industry, and will strictly adhere with all applicable antitrust and competition laws.

As such, our priority within all leadership and staff teams, and in all meetings, as we offer discussion and make decisions that encourage success for the company and our members, is to ensure that the meeting environment is professional, respectful, and *lawful*.

CHS Regional MLS will not tolerate any anti-competitive conduct or even the *appearance* of anti-competitive conduct. The following discussion topics are always prohibited: agreements to fix prices, limit product or service offerings, allocate geographical territory or customers, and refuse to deal. An antitrust violation does not require proof of a formal agreement. Discussion of a sensitive topic, such as price, followed by action by those involved or present at the discussion, may be enough to show a price fixing conspiracy.

*CHS Regional MLS requires all members and staff to follow its antitrust policy, and to report any violation. Mere silence is not enough!*
